February 1896

To,

The Secretary to the Government of Mysore General and Revenue Departments.

Sir,

I have the honor to refer to the Chief Secretary's letter No. 5502 / A7/5693 dated 20th September 1894 calling for certain particulars in regard to the water question arising from the Cyclists holding leases under the Commissioner's Order, Cycle Rules for 1896, & have the honor to state that it would have been of little use if only one lease had been granted at the irrigation to necessary supply cannot have been ascertained. The Executive Engineer was also written to before with a view to ascertain when the remaining two channels would be ready at the Locks. No 426 dated 14th December 1894 Copy enclosed. From the answer received further enquiries on the matter with the

the lands under existing channel will be brought under wet cultivation. I am inclined to think that no body will take up lands unless the channels are cleaned, but the Executive Engineer's reply is vague.

2. The area covered by the sluices now available for irrigation including Government waste is 553 acres and 28 guntas of which assessed occupied and inam lands in Government village are 238 acres 1 gunta and inam lands of Jodi Sommanahalli village 278 acres and 8 guntas, the remaining 37 acres 19 guntas being Sirkar Sanjar.

3 The rates of contribution fixed are Rs 3 per acre of dry land, Rs 2 per acre of Sanjar land and Rs 5 per acre of wet land. This notification on which leases will issue for a year for rates fixed by the Committee in 1888 are based but they correspond with the rates adopted in the

Levied in the case of land under Tam
pu Channel in the Dewani Proceed-
ings No 618 dated 18th September 1886.
There is however no land answering
to the description given under the
land in question.

4. The total demand on account of
Contribution in respect of the occu-
pied and Inam lands under the
channel referred in para 2 above and
irrigation from which is already
available is Rs 14.53-4-0.

5. The sub division officer has been
requested to see to the prompt recovery
of the promised contribution from the
ryots and Inamdars concerned.

I have the honor to be
Sir,
your most obedient servant,

Deputy Commissioner
Kolambatoor.
